## ECM

Fully automatic machine for cutting and closing with aluminium clips, with or without loops, all kind of tubular nettings and reeled artificial casings.

Computer-controlled; it adapts to a wide range of products by just changing different selected sequences.

High-production machine, specifically designed for casing and netting converters.

### Features:

- Robust construction and stainless components specially treated to withstand the adverse conditions such machines usually work in.
- Electro-pneumatic operation.
- Minimum maintenance.
- Our firm provides lubricant ALB-591 in spray and in can, which meets all EU and USA demanded requirements for its use in the Food Industry.

Following our standards, its devices and elements are protected by our own patents. In order to improve the machine, we reserve the right of modifications without prior notice.

### Technical data:

Net weight: 408 Kg  
Operating pressure: 6 bar  
Air consumption: 36 liters/cycle  
Electric consumption: 250 W  
Electric connection: 50 Hz 230V / 60 Hz 275V

Model	Range of clips
H-18 C25	HC25-16, HC25-18, HC25-21
