Spare parts 4 years / 10.000 hours optional warranty*

REPEATABILITY, PRODUCTIVITY, RELIABILITY.

The ingredients of your success.

High volume and consistency. Precision and quality. Managing a production kitchen is not a job for everyone. It is crucial to know exactly what is necessary and make the best choice at the right moment, with no hesitation.

That is exactly what CHEFTOP MIND.Maps™ ovens do, thanks to the patented ADAPTIVE.Cooking™ technology that makes them intelligent. They understand the result that you have in mind, interpret your settings, register the variations of temperature and humidity, understand the quantity of food that is in the oven and optimize the cooking process to achieve exactly the results that you expect.

So you can focus on your next challenge.

PRODUCTIVITY.
