

DRYING DRUM

foodmate

Poultry Processing Systems

The Foodmate Drying Drum, will tumble or dry whole birds after water chilling or injectors. Made out of stainless steel 304 L and FDA approved plastics. Easy access and maintenance are giving this machine

outstanding performance. The Drying Drum can be installed with a capacity of 2000, 2500, 3000, 3500, 4000 or 5000 birds per hour.

Our mission is to innovate, automate and bring cost-effective solutions to the industry.

DRYING DRUM

Key Benefits:

- Allows for a maximum of 5,000 birds per hour

Foodmate is an equipment manufacturing company based in the Netherlands. Founded in 2006, we focus primarily on poultry processing, and we recently launched Foodmate US, expanding our worldwide distribution into North America. Driven by research, paired with unmatched knowledge and decades of experience, it's our mission to innovate, automate and bring cost-effective solutions to the industry.

Our product line spans a wide assortment of processing equipment designed for live bird handling, killing and de-feathering, eviscerating, chilling, weighing, cut-up systems, deboning, and more. In addition to manufacturing, we provide an extensive variety of spare parts and service for other processing equipment and reconditioned machines.

Our team represents decades of industry knowledge and experience resulting in the engineering, development and implementation of new designs for our clients and their ever-changing needs.

Technical Specifications:

- Stainless steel frame and motor
- Motor (IP66) power is 1,5 kW
- Machine dimensions:
 - Length: 2540 mm
 - Width: 1260 mm
 - Height: 2562 mm
 - Weight: approx. 600 kg
