

## FM 6.50 THIGH & DRUMSTICK DEBONER

**foodmate**

Poultry Processing Systems

The revolutionary Foodmate 6.50 Chicken Thigh & Drumstick Deboner achieves maximum yield and flexibility. The key design features are hygiene, compactness, and flexibility for product flow. The machine can be loaded by one worker and has an

automatic unloading device for the deboned thigh or drumstick meat and bones. It requires minimal maintenance and is easy to clean. The Thigh Deboner works according to the "diaphragm principle".

Our mission is to innovate, automate and bring cost-effective solutions to the industry.

Foodmate is an equipment manufacturing company based in the Netherlands. Founded in 2006, we focus primarily on poultry processing, and we recently launched Foodmate US, expanding our worldwide distribution into North America. Driven by research, paired with unmatched knowledge and decades of experience, it's our mission to innovate, automate and bring cost-effective solutions to the industry.

Our product line spans a wide assortment of processing equipment designed for live bird handling, killing and de-feathering, eviscerating, chilling, weighing, cut-up systems, deboning, and more. In addition to manufacturing, we provide an extensive variety of spare parts and service for other processing equipment and reconditioned machines.

Our team represents decades of industry knowledge and experience resulting in the engineering, development and implementation of new designs for our clients and their ever-changing needs.
