

SF Double L+R V O

SF Double L+R V O

Stationary mounted depositor with dynamic hopper movement and built-in lifting function. Designed for one-shot depositing.

Stationary, right or left mounted depositor with lifting and dynamic hopper movement. The SF line represents the flexible depositor with high build quality. The piston axis is servo driven for handling most masses. The rotary and the lifting movement axes are optional servo or pneumatically driven. The hopper movement axis is servo driven. The SF is able to easily handle big inclusions. Depositing parts can be delivered in a wide variety to suit the demand, for example, multi-colour, one-shot, inclusions, chips and many more. The SF depositor is available for 500 and up to 1200 lines, working widths ranging from 380 to 1080 mm, however, the depositor can be made to suit any existing lines as well. Operation is very simple via the intuitive touch screen menu. Further the depositor is able to connect to the internet, if any sort of support is needed.

UPS/EFU

- Cost-effective
- Suitable for medium and small productions
- Advantageous for long One-Shot filled bars, truffle balls, eggs, liqueur pralines, closed products with ingredients and multi-color products.
-
- Easy and simple to operate
- Low energy consumption
